

# Society for AIDS in Africa

Organizers of International Conference on AIDS and STIs in Africa  
Plot 823, Ralph Shodeinde Street, Central Business District, Abuja

10<sup>th</sup> February, 2010

The Honourable Minister for Health,

Ministry of Health,

Federal Republic of Ethiopia.

Your Excellency,

This is to express my profound appreciation for the warm reception and hospitality accorded to the Council Members of the Society for AIDS in Africa during our visit to Ethiopia for the ICASA 2011/SAA Consultative forum.

I am impressed at the dedication, hard work and commitment of the officials charged with the ICASA 2011 preparation as well as other level of professionalism which was noticeably high.

I am convinced that if the level of commitment is maintained, Ethiopia will give us and the world the best ICASA ever held on African soil.

Kindly express my sentiments to all that have contributed to the success of the visit to you.

Warm regards,

Femi Soyinka

Immediate Past president

Society of AIDS in Africa.
